Resolutions Passed by the Lincoln County Teachers.

As a committee representing the teachers of Lincoln county assembled in the annual institute, we submit the following resolutions:

That we pronounce this session of the institute the most successful held in years, and that to Prof. Ireland is due great credit for his untiring efforts to ensure this success. That Superintendent Singleton, fulfilling, as always, the part of a friend to every teacher, is hereby thanked for the interest he has shown in the personal and professional welfare of each of us.

That the teachers themselves are to be congratulated on the fact of having learned that only by individual co-operation can an institute be made profitable.

That the ministers of the town have helped in the uplift of our aspirations by their attendance and their timely words of counsel, all of which are thoroughly appreciated.

That we extend the thanks of the institute to Prof. King, of Maysville, Prof. Sewell, of Lexington, Mr. K. S. Alcorn and Prof. W. O. Hopper for their presence and valuable assistance in our work.

That while there may be defects in our new school law, yet we believe it to be far superior to the old, and ask a more patient trial before urging that it be repealed.

Caleb Newell, Miss Kate Bogle, W. T. White, I. S. Flanagan, J. C. Hays.

PREACHERSVILLE.

B. T. Lunsford had a valuable brood mare killed by lightning.

Master Raymond Thompson, young son of F. L. Thompson, is suffering from poison oak in his eye. Levi Sowder, who had a severe attack of heart trouble, is out again.

R. G. Pettus and Ben Duncan saw a balloon light near here last Tuesday afternoon. On investigating they found it was sent up at Danville and contained a ticket entitling the finder to a big lot of bread.

Mr. J. T. Payne and handsome daughters, Misses Darling and Carrie Payne, of Lebanon Junction, were visiting Mr. J. F. Payne and family. Miss Bettie Carpenter was visiting her sister, Mrs. William Akers.

Mr. and Mrs. J. Williams showed us a quilt which is about the best piece of needlework we have ever seen. It was made by their daughter, Miss Rebecca Williams, now teaching in the D. and D. school at Knoxville, at the age of 14. The work consists of pictures worked by hand, which she drew, all the letters of the alphabet, pictures of all the presidents, birds, flowers, fruits, fishes and everything perfect as possible, and it is something one can look at an hour and then see some thing he did not see before. There are 300 figures in all. All this was finished during one school term and lessons were not neglected, as Miss Williams stood highest in her classes.

Sees Mother Grow Young.

"It would be hard to overstate the wonderful change in my mother since she began to use Electric Bitters," writes Mrs. W. L. Gilpatrick, of Danforth, Me. "Although past 70 she seems really to be growing young again. She suffered untold misery from dyspepsia for 20 years. At last she could neither eat, drink nor sleep. Doctors gave her up and all remedies failed till Electric Bitters worked such wonders for her health." They invigorate all vital organs, cure Liver and Kidney troubles, induce sleep, impart strength and appetite. Only 50c at Penny's Drug Store.

This and That.

While picking blackberries, Miss Minnie Skein was bitten twice by a rattlesnake, and is in a serious condition at her home in Wolfe county.

Ed Callahan, who was shot by an assassin in his store in Breathitt county, has sufficiently recovered from his injuries to resume business.

Marcellus Rinehart, an alleged member of a night rider band which killed Rufe Hunter near Clarksville, Tenn., was found guilty of first degree murder.

The tariff bill will probably be completed by the end of this week and will receive the signature of the President and become a law in the early days of next week, according to the best informed persons at Washington.

Judge Moss, at Memphis, decided that the sale of "near beer," containing any part of alcohol, no matter how small, is a violation of the statutes of Tennessee and asked that indictments be returned against the dispensers of such decoctions.

Life 100,000 Years Ago.

Scientists have found in a cave in Switzerland bones of men, who lived 100,000 years ago, when life was in constant danger from wild beasts. Today the danger, as shown by A. W. Brown, of Alexander, Me., is largely from deadly disease. "If it had not been for Dr. King's New Discovery, which cured me, I could not have lived," he writes, suffering as I did from a severe lung trouble and stubborn cough. To cure Sore Lungs, Colds, obstinate Coughs, and prevent Pneumonia, its the best medicine on earth. 50c and \$1. Guaranteed by Penny's Drug Store. Trial bottle free.

Japanese horses wear sandals of rice straw, bundles of which are attached to the saddle, to be renewed when necessary. The Iceland peasant shoes his pony with sheep's horn. In the Upper Oxus valleys horseshoes made of the antlers of the mountain deer, fastened with horn pins, are employed. Horses in the Sudan go in their stocking feet—their socks are of camel skin.

If people with symptoms of kidney or bladder trouble could realize their danger they would without loss of time commence taking Foley's Kidney Remedy. This great remedy stops the pain and the irregularities, strengthens and builds up the organs and there is no danger of Bright's disease or other serious disorder. Do not disregard the early symptoms. Stanford Drug Co.

CHURCH MATTERS.

Rev. H. C. McGill, of Providence, this State, has accepted a call to the Baptist church at Nicholasville.

After the jury had announced that they were unable to agree, W. R. Campbell, who was on trial at Lexington for killing Policeman Michael Murphy, was dismissed on motion of Commonwealth's Attorney Allen, who stated that the juries had been unable to agree in any of the defendant's three trials and he saw no prospect of a conviction being secured.

After being out 45 minutes, the jury in the case of Berry Simpson returned a verdict at midnight at Richmond. Berry Simpson, George Stanley and Elisha Slaven were given life sentences on the murder charge, while Berry Simpson, his son, Jesse; George Stanley, Elisha and Oliver Slaven were found guilty of conspiracy and disobeying the injunction, and will be sentenced on this charge by Judge Cochran. Harvey Simpson, another son of Berry Simpson, was acquitted.

Everyone would be benefited by taking Foley's Orino Laxative for stomach and liver trouble and habitual constipation. It sweetens the stomach and breath, gently stimulates the liver and regulates the bowels and is much superior to pills and ordinary laxatives. Why not try Foley's Orino Laxative to-day? In the event that General Purely Haly becomes the permanent Secretary of the Democratic State Committee, it will leave a vacancy on the State Board of Control. It would be a graceful thing for Governor Willson to appoint Col. W. P. Walton, the veteran newspaper man and old Democratic war horse, to the office, as a Democrat would have to be selected.—Somerset Journal.

E. C. WALTON

THERE is some discussion as to whether Gen. Percy Haley should be appointed secretary of the State Democratic Campaign Committee. To us it seems the simple question of whether he will accept it. If he will he ought to be given the place. As an organizer he has no equal in the State; he knows every leading democrat and is the best judge of men anywhere. It will be well to remember that when he conducted the campaigns the party was victorious. It hasn't been since. If Gen. Haley will accept the place, by all means let Chairman Combs appoint him.

THE liquor men whistled too soon, Bristol, Va., which only went wet by the narrow margin of 32 on the face of the returns is to have the announced result contested. The "drys" discovered, or claimed that they did, on going over the registration lists that 126 men voted who lived across the line in Tennessee and they have pledged all sorts of money to prosecute a suit to set aside the election. It will therefore be best even from a monetary point of view for the 50 saloon keepers who are applying for licenses not to be too previous.

THE Central Methodist Advocate, which has for a year been owned and run by Rev. Walter Q. Vreeland, has been purchased by Dr. E. G. B. Mann, pastor of the First Methodist church at Lexington, who has moved the publication from Frankfort to his home city. The first issue under his control appeared last week and it is improved in every way and will soon be a model church paper.

GEN. GRANT'S portrait is to adorn the \$50 bills, while Abraham Lincoln's go on the one cent pieces. The treasury department is mistaken if it thinks that that is the relative estimation in which the two are held in public esteem. However, the great common people will be able to see the picture of the old rail splinter, while only the rich will see the general's.

WESTON, who is 71 years old, walked from New York to San Francisco in 105 days, or an average of 36.6 miles a day. But what's the use? The trains make it in three or four days. It is better to encourage the train habit than the tramping habit. There are tramps enough now.

THE police station at Nashville presented a remarkable appearance Wednesday night. There was not a prisoner in the building the entire night, and the door of every cell swung wide open. Who says prohibition does not prohibit, where proper effort is made to enforce it?

A RUMOR too good to be true, is that President Taft will veto the tariff bill because it does not keep the party's platform promises to revise the duties downward. The country would enjoy the perusal of such a document written in the president's best style.

It is said that every head of the State Departments at Frankfort is a candidate for governor with Judge O'Rear thrown in for good measure. The latest to be "mentioned" is Commissioner Rankin, the biggest if not the brainiest of the bunch.

A DISPATCH says that four saloons were wrecked in Kansas by women. That women should do such a thing is not so remarkable as that such places should exist in a State noted for the intensity of its prohibition law.

THERE are said to be only two lawyers in Iceland. Happy country! A certain class of so-called lawyers are the bane of this country. They stir up litigation and strife and ought to be disbanded for chicanery.

THE conference committee, possibly in order to keep the republican promise of a downward revision of the tariff, cut off one per cent. of Taft's corporate income tax. The interests always get the best of it.

GOOD butter is said to be made out of oil, better than oleomargarine or bull butter, and almost as good as cow's butter. John D. sure is playing in luck.

A RHODE ISLAND woman who swallowed a hat pin six years ago has just coughed it up. She couldn't afford to keep it down under the increased tariff rates.

The annual report of C. W. Bell, State Commissioner of Insurance, on the business of life, fidelity and casualty companies during the year 1908, shows that the 36 foreign life companies issued during the year 148,172 policies, carrying a total insurance of \$38,693,267.91. The policies lapsed totaled 124,696 and their total value was \$31,233,490. The premiums collected in the State totaled \$7,797,953. Losses paid totaled \$3,170,989.

To discuss the best means of preventing frauds in connection with the collection of the internal revenue tax on unstemmed leaf tobacco because of the provision included in the tariff, but which exempts tobacco growers from the tax, was the object of a conference at the White House. Senator Bradley was a member of the conference, and expressed the opinion that when the tobacco schedule is finally adopted the grower will be relieved to such an extent he can sell his leaf tobacco free of tax without keeping a memoranda.

Gov. Comer's proclamation for the special session of the Alabama Legislature, which is to convene July 27, calls for legislation upon 65 subjects. The main reason for the special session, however, is to strengthen the prohibition laws.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the Local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments. The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissue, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—a general tonic to the system. For positive local help, use as well

THE officers should investigate the several decoctions of beer that are being sold in and around Stanford. When men will drive two or three miles to get such stuff it must contain more than one to three per cent. alcohol. Judging from the effects of some of it, it will put the real beer in the background.

TO MAMMOTH CAVE.—Lincoln county excursion to Mammoth Cave July 29th, only \$9.85 the round-trip. This includes railroad fare, board at the hotel and admission to the several routes of the cave, going on regular train. Same rate applies from all stations in the county. Via Lebanon Junction. One night for promenade and dance. See L. & N. agent.

THE work of the Teachers' Institute continued until Friday noon and keen interest was kept alive until the close. During the week there were several interesting features besides the usual routine of Institute work. On Wednesday night Prof. Smith, of the Eastern Kentucky State Normal School, delivered an illustrated lecture on Nature Study. At some time during the week every minister of the town was present to conduct the devotional exercises and to aid the teachers by their well-chosen remarks. Instead of the customary treatment of civil government in the institute, Instructor Ireland invited Mr. K. S. Alcorn, one of Stanford's ablest young lawyers, to give an address on this subject. Mr. Alcorn delivered an excellent talk, the thought of which was reinforced by his impressive delivery. On the closing day Prof. Walter O. Hopper, of this place, and W. P. King, of Maysville, gratified the institute by their appearance upon the program. Every teacher left Friday feeling that the institute had been a success, and very appreciative of Mr. Ireland's efforts to make it so.

SECRETARY.

THE body of Mr. Albert A. Warren was found in the canal at Middlesboro at about 2 o'clock Thursday afternoon within 200 yards of his home. The canal had been dragged for two miles and hope was almost abandoned when one of the searching party discovered a piece of an undershirt on the hook he was pushing in the water. This gave renewed hope and soon the body was found under a lot of rubbish under the bridge near the city hall. It was taken to the Warren home and after brief services, was brought here and interred in Buffalo cemetery from the home of his sister, Miss Emma Warren. Elds. Joseph Ballou and D. M. Walker held short services. Mr. Warren went into the canal, which is just back of his home, for a swim and got into the swift current. He realized that he could not get out of it and called for help. A line was thrown him, and in his effort to catch it he struck against the pillars of the bridge and was evidently rendered unconscious. A number of Middlesboro relatives and friends accompanied the remains to this place, where a large number of his Lincoln county friends joined them and attended the distressingly sad burial.

JOHN D. HORTON, the Stanford restauranter, will serve a fine dinner on the fair grounds each day. Give him a trial.

FAYETTE P. WILKINSON, son of R. Booker Wilkinson, of this place, has opened an up-to-date barber shop at Lancaster.

JOHN SMILEY, of Lexington, with six fine show horses, R. S. Scudder, with four, Bohon Lucas, of Mercer, with two, and Mack Hughes, of Boyle, with seven, are already on the grounds and more blue tie winners are en route.

A Night Rider's Raid.

The worst night riders are calomel, croton oil or aloes pills. They raid your bed to rob you of rest. Not so with Dr. King's New Life Pills. They never distress or inconvenience, but always cleanse the system, curing Colds, Headache, Constipation and Malaria, 25c at Penny's Drug Store.

MATRIMONIAL.

Richard Mc. Belew and Mrs. Susan Belew, both of Pendleton county, were granted a marriage license. The bride is the step-mother of the groom and this is the second matrimonial venture of each.

Tortured On A Horse.

"For 10 years I couldn't ride a horse without being in torture from piles," writes L. S. Napier, of Rugless, Ky., "when all doctors and other remedies failed, Bucklen's Arnica Salve cured me." Infallible for Piles, Burns, Scalds, Cuts, Boils, Fever-Sores, Eczema, Salt Rheum, Corns. 25c. Guaranteed by Penny's Drug Store.

The Ladies' Aid.

We've put a fine addition on the good old church at home; It's just the latest kilner, with a gallery and dome.

It seats a thousand people—finest church in all the town; And when 'twas dedicated, why we planked ten thousand down; That is, we paid five thousand—every deacon did his best— And the Ladies' Aid Society it promised all the rest.

We've got an organ in the church—the finest in the land, It's got a thousand pipes or more, its melody is grand,

And when we sit on cushioned pews and hear the master play

It carries us to realms of bliss unnumbered miles away.

It cost a cool thousand, and it's stood the hardest test;

We'll pay a thousand on it—the Ladies' Aid the rest.

They'll give a hundred socials, cantatas too, and teas;

They'll make a thousand angel cakes, and tons of cream they'll freeze;

They'll beg and scrape and toil for seven years or more,

And then they'll start all o'er again, for a carpet for the floor.

No, it isn't just like digging out the money from your vest,

When the Ladies' Aid gets busy and says: "We'll pay the rest."

Of course, we're proud of our big church from pulpit to spire;

It is the darling of our eyes, the crown of our desire.

But when I see the sisters work to raise the cash that lacks

I somehow feel the church is built on women's tired backs.

And sometimes I can't help thinking when we reach the regions blest,

That men will get the toil and sweat and the Ladies' Aid the rest.

FARMER'S DEPARTMENT.

Hogs went to \$10 on the Louisville market Saturday.

John B. Foster sold to B. D. Holtzclaw 100 ewes at \$4.25.

For Sale, six Southdown bucks, J. C. Lynn, Stanford.

A good, gentle family horse, also buggy and harness for sale. See Mrs. Catherine McClary, Stanford.

ESTRAY.—A pale red heifer, weighing about 700 pounds. Left Thursday night. Reward. Meier & Huffman, Danville.

There were very few cattle on the Danville market yesterday and the demand for them was not great. A small crowd was on hand.

Hughes & Swinebroad, the Lancaster real estate men, sold a portion of the Dunn farm near Bryantsville to Ben Graham at \$120.

EWES FOR SALE.—500 ewes bought in Wayne and Russell counties. No Western ewes in the lot. Coulter & McCormack, Middleburg, Ky.

Fourteen mules, valued at \$250 each, ate parais green on the farm of Ellis & Wilson, in Daviess county, and five of them have died. It is expected that several others will die.

Gay Brothers, of Woodford county, made a snug sum in two weeks on their purchase of Kentucky's Choice.

They paid \$3,500 for the stallion and sold him to Campbell, of Columbus, for \$6,000.

OTTENHEIM.

The blackberry crop is on in full blast. Ledford Siler, who has been very ill, is able to work again.

A. J. Manuel, of Garrard, was a visitor in this section.

There is some complaint of wheat damaging in the shock.

Oats are better in this section than they have been for years.

Timothy and clover meadows are fine but the worst weather to save it in.

The completion of Otto Enslin's house adds to the beauty of our little village.

Most of the farmers of this German colony store their wheat in their barns which they have built for that purpose.

Wm. Anderson has bought a new threshing machine, but owing to the continued wet weather he has been unable to give it a fair trial.

T. N. Butt is about done sawing at his present location. He will move to the Plummer tract of timber, about two miles from the present site.

The oldest inhabitant can not recollect of seeing such an electric storm as passed over this section Tuesday. There were more trees struck by lightning than ever before in the same length of time.

If the next week or ten days should be sun shiny weather and you should see a man loafing around doing nothing you can safely say that he is worth about \$50,000, with a \$5,000 yearly income, or he has a rich bachelor uncle, whom he is expecting to die soon, or he is just too lazy and trifling to work.

The cleverest imitation of real Coffee ever yet made is Dr. Shoop's Health Coffee. It is fine in flavor—and is made in just one minute. No tedious 20 or 30 minutes boiling. Made from pure parched grains, malt, nuts, etc. Sample free. Penny's Drug Store.
